Fire Chief Brad Goss approached Council and asked for permission to use the basement under the Municipal Complex for a Haunted House to raise money for the Fire Department. He stated that they would clean everything up when they are finished. Mayor Mason stated that his only concern was if they were going to use smoke machines and Chief Goss stated no, they would not be using any smoke machines. The Haunted House would last three days in October around Halloween. Councilmember Sampson made a motion to grant the Harriman Fire Department permission for the use of the basement for the Haunted House and was seconded by Councilmember Mynatt. OLD BUSINESS

Mayor Mason asked Councilmember Holley if he had any old business. Councilmember Holley stated that he did not have any old business at this time.

Mayor Mason asked Councilmember Mee if he had any old business. Councilmember Mee asked if the load of Rip Rap was necessary at the Margrave Bridge where the City had temporarily closed it. Mayor Mason stated that he was almost certain that Drack Langley went exactly by the guidelines but he would ask Mr. Langley if it was indeed necessary.

Mayor Mason asked Councilmember Sampson if he had any old business. Councilmember Sampson stated that since he is now on the finance committee that he has noticed the electric bill for the street lights at the I-40 interchange is what he thought to be extremely high. The bill he has in his hand was for \$26,792 just for one month. He stated that he went to HUB and requested that they research this matter. Mayor Mason thanked JD for his good work. Councilmember Sampson also wanted to remind the city council about the elected officials horseshoe tournament that would be held during the Hooray for Harriman scheduled on September 7, 2009. He stated that it wasn't going very well and asked the council to talk to the other officials about signing up.

Mayor Mason asked Councilmember Mynatt if he had any old business. Councilmember Mynatt stated that HUB discussed the rent for Fire Station one that was still located in their building. There was a discrepancy about the amount, because according to HUB's records the City was supposed to be paying more than what they had been for several years now. HUB is going to give the City a couple of options. Option one is the City pay \$184.00 rent and the pay the utility bill. Option two is the City pay \$2700 flat per month for rent. Councilmember Mynatt has asked HUB for a bill history for those particular meters to get an average and see which would be the best for the City.

Mayor Mason asked Councilmember Wright if he had any old business. Councilmember Wright HUB is going to let us choose one of their surplus bucket trucks in return for our old one.

Mayor Mason made mention that the council is only going to have one workshop for the month of September instead of two.

Mayor Mason asked Dr. Kerley if he had any old business. Dr Kerley stated that the street department needs to purchase salt this year for the roads in case of bad weather. Dr. Kerley passed out three different quotes. The one that Drack Langley recommended was from Morton that had the blue tinted salt. The reason behind this was so that way we didn't salt the same road twice. After much discussion Councilmember Wright mad a motion to purchase 50 ton of salt from Morton with the blue tint and was seconded by Councilmember Mee. The motion passed with a unanimous roll call "Yes".
